REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In view of the claim amendments, the sole remaining issue is the objection to the specification based on the incorporation of material by reference to nonpatent literature. In view of the explanation and clarification provided in the Official Gazette notices of 12 October 2004, "Changes to Support the Implementation of the USPTO 21st Century Strategic Plan", detailing the revisions and codifications of incorporation by reference policy in new rule 57 (37 C.F.R. 1.57), and in view of the fact that a copy of the references so incorporated has been provided by the applicants, making them readily accessible to the public electronically, the Examiner is satisfied that the burden of retrieving copies of inaccessible documents on the public has been minimized, and the goal of ensuring reasonable completeness of published disclosures of US patents has been met.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Allen J. Flanigan whose telephone number is (571) 272-4910. The examiner can normally be reached on M-F 9:00-5:30.
